

Gardens In Plain View

Strolls to see front gardens any day of the week!

WALK, BIKE, OR DRIVE: ≈1.5 miles

The Cottage District

The junction of Summer Street and Union Place forms a close-knit neighborhood best known for its quaint 1850s-1900s brick cottages and Victorian homes, along with some of the area's most exquisite gardens.

Look for...

- A** Kleinhans Music Hall, designed by Eliel & Eero Saarinen 1940, 3 Symphony Cir
- B** The First Presbyterian Church of Buffalo, designed by E.B. Green, 1897, 1 Symphony Circle
- C** Symphony Circle, originally named The Circle, by Buffalo Park System designers Frederick Law Olmsted and Calvert Vaux in 1868
- D** Arlington Park, 1856, originally designed and laid out as a private park on the estate of James Wadsworth

Note

Please enjoy the front yard garden strolls and beautiful landscapes from the sidewalk. In an effort to practice social distancing, we would like to note that side gardens and backyards will not be open to the public this year. Thank you very much for your cooperation.

- Practice social distancing
- Wear face masks as required
- Wear sunscreen
- Stay hydrated
- Wear comfortable shoes
- Wear a hat

Thank you to everyone for participating in this year's Gardens In Plain View! Visit [bcbwny.com/play](https://www.bcbwny.com/play) for more fun summer activities.

View master coloring contest!

Look for this native plant in front yard gardens, color, and post it to Instagram with hashtag #plantsinplainview, and you could win a weekly prize in July!

Find contest information at GardensBuffaloniagara.com/contests

Bee Balm (*Monarda fistulosa*)

Monarda fistulosa, the wild bergamot or bee balm, is a wildflower in the mint family widespread and abundant as a native plant in much of North America. This plant, with showy summer-blooming pink to lavender flowers, is often used as a honey plant, medicinal plant, and garden ornamental.

What makes a wildlife habitat garden? Look for:

FOOD: Native plants provide food eaten by a variety of wildlife. Feeders supplement natural foods. Look for bird feeders, berries, and nuts.
WATER: All animals need water to survive, and some need it for bathing or breeding as well. Look for birdbaths, ponds or water features.
COVER: Wildlife need places to take shelter from bad weather and places to hide from predators or hunt for prey. Look for trees and shrubs.
PLACES TO RAISE YOUNG: Wildlife need resources to reproduce, and to protect and nourish their young. Look for birdhouses.
SUSTAINABLE PRACTICES: Maintain your yard or garden in natural ways to ensure soil, air, and water stay healthy and clean. Look for rain barrels, no pesticide signs, and composters.
