

Pendleton/Lockport Garden Bike Trail

10 gardens along a seven-mile stretch of the Erie Canalway Trail help travelers enjoy the ride with bike art and flowers!

This Niagara County trail stands out thanks to the effort of Trail Keepers, a group of 40+ volunteers. At most of the trailheads, what were once nondescript access points, flowering gardens with re-purposed bicycle part sculptures have sprouted. The section of the Erie Canalway Trail runs from Stevens Street in Lockport south through Pendleton, with another trailhead garden on Tonawanda Creek Road near New Road in Amherst.
